- **ESB Business**

- Earth Day Follow-up – Abby and Natalie reported that the event went well and was well attended. A lot of people came by the shared ESB/LeboGreen booth and gave input on what they would like to relay to the Commission regarding sustainability. New residents asked why the community doesn't have standardized recycling bins.
- Green Guide – Bonnie advised that the Public Information Office would be able to do graphics and would provide an update at the June meeting.
- Sustainable PA Certification – Bonnie advised that this was implemented a number of years ago and at that time, Mt. Lebanon received a Silver Certification. Mt. Lebanon is reviewing the criteria to determine if they will be able to upgrade to the Gold Certification. Substantiation of the criteria is done by accessing web links that each community provides. Bonnie reported that all or most of the links were broken, and is working with the departments to re-establish them. She will provide an update at the next meeting.

- **Commission Business.**

- April 30 Discussion Session Review -- Patrick reported that the ESB's plans for the year were discussed with the Commission and it went well. Kelly said that she felt that much of what is done in the municipality involves issues related to the ESB, and she would like to make sure that in the future, the ESB is involved in various discussions in their planning stages.

- **New Business.**

- Natalie mentioned the sign grant; and is hoping that the Commission will still fund this even though we could not get the grant.

- **Adjournment.** Abby motioned to adjourn the meeting and was seconded by Natalie, and unanimously approved by the members present.
