TO: Mt. Lebanon Commission
FROM: Keith A. McGill, Municipal Manager
DATE: September 14, 2018
SUBJECT: Agenda – Special Meeting – September 18, 2018 – 8 a.m.
Call to Order – Pledge of Allegiance to the Flag – Roll Call

SS 1. Citizens Comments.

CG 2. Consideration of bids for solid waste and recycling. - passed

On July 11, 2018, the South Hills Area Council of Governments opened bids for solid waste collection disposal and recycling. Three bids were received from Republic Services, Waste Management, and Westmoreland Sanitary Landfill. The number of options presented precludes presenting bid tabulation on the side wall. Bid options for municipal solid waste and recycling included weekly, bi-weekly traditional and automated services. The Municipality must enter into a five-year contract with one of the providers before September 24, 2018. The contract term will commence on January 1, 2019, and run through December 31, 2023.

Recommended Action: Move to award the contract to Waste Management of Pennsylvania, Inc., for weekly collection of solid waste to be paid on a per unit basis and for bi-weekly collection of recyclables to be paid on a per unit basis with an estimated five-year cost of \$11,035,009, in addition to authorizing the proper municipal officials to execute the Articles of Agreement with Waste Management of Pennsylvania, Inc.

SS 3. Adjournment.
