PART 1
ADMINISTRATIVE CODE

General Provisions

§101 Short Title. This Part 1 shall be known and may be cited as the “Administrative Code.”

§102 Definitions. The following words, when used in this Part 1, shall, unless the context clearly indicates otherwise, mean or indicate as follows:

Administrative Code: the Administrative Code of the Municipality, as set forth in this Part 1 and any and all amendments and supplements thereto and modifications thereof.

Law: all applicable Acts of the Pennsylvania General Assembly and the Congress of the United States.

§103 Amendment. This Administrative Code may be amended by the Commission in accordance with provisions prescribed in §319 of the Charter.

§104 Interpretation and Enforcement.

104.1 In interpreting the provisions of the Code, the following rules shall apply:

104.1.1 Words used in the present tense include the future. The singular includes the plural and the plural the singular. The word “person” includes an individual, corporation, partnership, incorporated association or other similar entity.

104.1.2 The captions and section headings used in the Code are for convenience only and shall not control or affect the meaning or construction of any of the provisions of the Code.

104.1.3 Whenever a defined term is used, whether with initial capitalization or not, it shall be deemed to be used as defined in §104.2 of the Code.

104.1.4 Whenever the regulations in the Code are at variance with other lawfully adopted rules, regulations, ordinances, restrictions or covenants, that which imposes the most restrictive requirements shall govern.

104.2 When used in the Code, the following terms shall mean or indicate as follows, except when the context clearly indicates another meaning:

Charter: The Home Rule Charter of Mt. Lebanon, Pennsylvania.

Commission: The Commission of Mt. Lebanon, Pennsylvania, consisting of five (5) members elected by the qualified voters of Mt. Lebanon, Pennsylvania.

Commissioner: An individual member of the Commission.

Comprehensive Plan: The long-range Comprehensive Plan for Mt. Lebanon, Pennsylvania prepared in accordance with the Pennsylvania Municipalities Planning Code and originally adopted April 27, 1970, as amended or re-enacted thereafter.

Municipality: Mt. Lebanon, Pennsylvania, a Home Rule Municipal Corporation.

104.3 Enforcement.

104.3.1 General Penalty. Wherever in the Code any act is prohibited or is made or declared to be unlawful or an offense, or wherever in the Code the doing of any act is required or the failure to do any act is declared to be unlawful or an offense, where no specific penalty is provided therefore, any Person violating any such provision of the Codes shall, upon conviction thereof, be punished by a fine of not less than five dollars (\$5) nor more than one thousand dollars (\$1,000) for a violation of a building, housing, property maintenance, health, fire or public safety code or ordinance and for water, air and noise pollution violations, and not exceeding six hundred (\$600) for a violation of any other ordinance for each offense. Each day any violation of the Code may continue shall constitute a separate offense.

104.3.2 Abatement of Nuisances. In addition to the penalties and other remedies herein provided, any condition caused or permitted to exist in violation of any of the provisions of the Code will be deemed a public nuisance and may be abated by the Municipality with the costs of such abatement borne by the person or entity owning the property upon which such condition may exist. Such costs will be collected for the use of the Municipality as debts by law are collectible or by a municipal claim or lien which may be filed as provided by law. Each day that such condition continues shall be regarded as a new and separate offense.

104.3.3 Actions at Law or in Equity. In addition to the enforcement provisions set forth hereinabove, the Municipality may institute, an appropriate action or proceeding at law or in equity against a Person responsible for violation of any of the provisions of the Code and request either or both of the following remedies:

104.3.3.1 To cease, correct or remove the violation.

- 104.3.3.2 To enforce the penalty provisions of the Code or seek other remedies as are just and reasonable.
- 104.3.4 Revocation of Permits. Any license or permit may be revoked by the Municipality for the violation by the licensee or permittee, or by any Person operating under his direction or authority, of any provision of the Code, and such revocation may be in addition to any fine or penalty imposed for such violation.
- 104.3.5 Partners, Officials, Officers and Employees. Any partner, elected official, officer or employee of any partnership, association or corporation found in violation of any provision of the Code may be held individually liable for such violation upon a showing of knowledge on the part of such individual of the activity found to be an offense hereunder; and the Municipality may impose upon such individual any penalty hereinabove set forth in addition to any penalty imposed upon the partnership, association or corporation.
- 104.3.6 Exemption of Municipal Officials. No provision of the Code designating the duties of an officer or employee of the Municipality shall be so construed as to make such officer or employee liable for any fine or penalty for violation of such provision, unless the intention of the Commission to impose such a fine or penalty upon such officer or employee is specifically and clearly expressed in the provision creating or establishing the duties of such officer or employee.
- 104.3.7 Cumulative Penalties. Wherever the Code provides for alternative penalties or remedies, said penalties or remedies shall be cumulative and the imposition of any one such penalty or remedy shall not prevent the Municipality from invoking any other penalty or remedy provided therefore.
- 104.4 The provisions of the Code so far as they are substantially the same as those of ordinances and regulations in force immediately prior to the adoption of the Code, constitute a continuation of such ordinances and regulations in the form in which they appear in the Code and not a new enactment or repeal of those ordinances and regulations. The effectiveness of said ordinances and regulations and amendments thereto shall date from the date of their original enactment. The provisions of the Code shall not affect any act done or liability incurred under, nor shall they affect any suit or prosecution pending or to be instituted to enforce, any such prior ordinances or regulations.

Commission

- §105 General. The number of Commissioners, their terms, election and qualifications, the filling of Commission vacancies, and the Commission's authority shall be as provided by the Charter.
- §106 Compensation. Each Commissioner shall receive a salary of three thousand five hundred dollars (\$3,500) per year, payable in quarterly installments. This salary may be changed as the Commission may from time to time ordain in accordance with §304 of the Charter.
- §107 Indemnification and Personal Liability Insurance. The Municipality shall indemnify any member of the Commission who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Municipality) by reason of the fact that he is or was a member of the Commission against expenses (including attorney's fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the Municipality, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The Municipality shall provide insurance for the benefit of each member of the Commission insuring each such person from any liability asserted against him or incurred by him in any such capacity, in such amounts and with such limitations as the Commission shall deem appropriate.
- §108 Organizational Meeting. The Commission annually shall organize at a meeting in the Municipal Building at the time and on the day specified in §310 of the Charter. If the President of the Commission for the preceding year is not, at this time, a member of the Commission, the Secretary of the Commission shall preside over the organizational meeting until a President is elected.
- §109 Duties of the President and Vice President.
- 109.1 The President shall preside at all meetings of the Commission and shall have such duties and powers as are accorded to the presiding officer of the Commission by the Charter and this Administrative Code. The President shall serve as ceremonial head of the Municipality and shall be empowered to issue proclamations on behalf of the Municipality, but shall have no administrative duties or authority except as conferred upon him as a Commissioner.
- 109.2 In the absence of the President, the Vice President of the Commission shall assume the duties of the President. In the absence of both the President and Vice President, the Commission shall appoint a President Pro Tempore who shall have all the power and duties of the President.

§110 Meetings.

- 110.1 Regular Meetings. The Commission shall meet regularly at 8:00 P.M. on the second Tuesday of each month at the Municipal Building or at such other place as the Commission may designate. If the second Tuesday of a month is a legal holiday, the meeting shall take place on the first day following unless otherwise directed by the Commission. The Commission may adjourn to a stated time and day for general or special business.
- 110.2 Special Meetings. Special meetings may be called in the manner prescribed in §311 of the Charter.
- 110.3 Public Meetings. All regular, adjourned or special meetings of the Commission shall be open for public attendance with such exceptions as authorized by state law applicable to Home Rule Municipalities. The public shall be notified of such meetings in accordance with state law applicable to Home Rule Municipalities.
- 110.4 Agenda. The proposed agenda for any regular or adjourned meeting of the Commission shall be prepared by the Secretary of the Commission. The proposed agenda shall be provided to all Commissioners and posted for public display in a prominent place near the entrance to the Municipal Building, or posted to the municipal website, not later than forty-eight (48) hours prior to the scheduled time of the meeting. Although the Secretary shall make a reasonable effort to include all matters to be considered at a meeting in the proposed agenda, nothing in this section shall prohibit the Commission from adding or deleting items or deviating from the order shown on the proposed agenda without advance public notice.
- 110.5 The maintaining of records of Commission meetings, quorum requirements, and majority action requirements shall be as provided by the Charter.
- 110.6 Presence for Quorum. Except as provided in subsection 110.7, only Commission members physical present at a meeting place within the municipality shall be counted in establishing a quorum.
- 110.7 Telecommunication. Commission members may participate in Commission meetings by means of telecommunication devices, such as telephones or computer terminals, which permit, at a minimum, audio communication between locations, when the following conditions exist:
- 110.7.1 A majority of the membership of Commission then in office is physically present at the advertised meeting place within the Municipality and a quorum is established at the convening or reconvening of the meeting; provided, however, that in the case of an emergency meeting (as defined in the Pennsylvania Sunshine

Act), a Commission member participating by telecommunication device will be counted as present and therefore counted toward a quorum as long as there is still a physical location where the public may attend the meeting. If, after the convening or reconvening of a meeting, a member has been disqualified from voting as a matter of law, but is still physically present, Commission members participating by telecommunication device in accordance with this section shall be counted to maintain a quorum.

- 110.7.2 The telecommunication device used permits the member or members of Commission not physically present at the meeting to:
 - 110.7.2.1 Speak to and hear the comments and votes, if any, of the members of Commission who are physically present, as well as other members of Commission who may not be physically present and are also using a telecommunication device to participate in the meeting; and
 - 110.7.2.2 Speak to and hear the comments of the public who are physically present at the meeting.
- 110.7.3 The telecommunication device used permits the members of Commission and the members of the public who are physically present at the meeting to speak to and hear the comments and the vote, if any, of the member or members of Commission who are not physically present at the meeting.
- 110.7.4 Participation by telecommunication device is permitted only for one or more of the following reasons:
 - 110.7.4.1 Illness or disability of the member of Commission;
 - 110.7.4.2 Care for the ill or newborn in the member's immediate family;
 - 110.7.4.3 Emergency; and
 - 110.7.4.4 Family or business travel.
- 110.7.5 The Commission must authorize the participation of a member by telecommunication device if the number per year exceeds three.
- 110.7.6 Nothing in this subsection shall be construed to limit the protections and prohibitions contained in any law or regulation relating to the rights of the disabled.

110.8 Voting. A member of the Commission shall not be disqualified from voting on any issue before the Commission solely because the member has previously expressed an opinion on the issue in either an official or unofficial capacity.

§111 Rules of Procedure.

111.1 The current edition of “Robert’s Rules of Order” shall be the official rules of procedure for the Commission. The Solicitor shall be responsible for advising the President of the Commission on the application and interpretation of the rules of procedure.

111.2 The roll call of Commissioners shall be called alphabetically, except that the President shall be called last. A Commissioner, who is present at the meeting, shall not abstain from voting unless he has disqualified himself from voting by reason of conflict of interest.

111.3 No Commissioner shall address the Commission until he has been recognized by the President. He shall address himself thereupon to the President and confine his remarks to the question under discussion.

111.4 The President may, when he deems it necessary for the expeditious handling of business, place a limit on the duration of time and number of times a Commissioner may speak on a motion or matter of business. Members of the public may address the Commission according to the direction and discretion of the President.

111.5 When a member of the public wishes to address the Commission, he shall be requested, upon recognition by the President, to step to the podium and state his name and address.

111.6 Any ruling by the President may be overruled by a majority vote of the Commissioners present and entitled to vote at a meeting.

§112 Order of Business.

112.1 The order of business for each meeting shall be as follows:

- 112.1.1 Call to order
- 112.1.2 Pledge of Allegiance to the Flag
- 112.1.3 Roll call
- 112.1.4 Citizen comments
- 112.1.5 Approval of the minutes of the previous meeting
- 112.1.6 Unfinished business
- 112.1.7 New business
- 112.1.8 Reports and other matters
- 112.1.9 Adjournment

- 112.2 The President may deviate from the order of business unless overruled by a majority vote of the Commissioners present and entitled to vote at a meeting.

Forms of Action by the Commission

§113 General Requirements.

- 113.1 Official actions of the Commission may be taken by enactment of an ordinance, or adoption of a resolution or a motion, as prescribed by the Charter or other applicable law.
- 113.2 All actions specified in §319 and §320 of the charter and all other actions of a legislative character shall be in the form of an ordinance.
- 113.3 Ordinances authorizing non-electoral debt or lease rental debt shall be enacted according to the provisions of §321 of the Charter.
- 113.4 Every ordinance shall contain the date of its enactment, and its enactment shall be verified by the signature of the presiding officer of the meeting at which final action thereon was taken. The official seal of the Municipality shall be affixed to the original copy of each ordinance by the Secretary of the Commission. However, failure on the part of the presiding officer to sign an ordinance or affix the official seal shall not in any way invalidate an otherwise valid ordinance.
- 113.5 Any ordinance which repeals or amends an existing ordinance or part of the Mt. Lebanon Code, as defined by §325 of the Charter, shall set out in full the language to be repealed or amended, and shall indicate matter to be omitted by enclosing it in brackets or by strikeout type and shall indicate new matter by underscoring or by italics.
- 113.6 Every proposed ordinance shall be submitted to the Commission in writing. No ordinance shall pertain to more than one general subject which shall be clearly expressed in the ordinance title. No ordinance shall be enacted at the same meeting at which it was introduced unless by special procedure according to §114.6 of this chapter.

§114 Ordinance Enactment Procedure.

- 114.1 **Introduction.** Any Commissioner may introduce a proposed ordinance at any regular, adjourned or special meeting of the Commission. At the time of introduction or prior thereto, copies of the proposed ordinance shall be distributed to each Commissioner. Upon introduction, the President shall set a date for a public hearing, if required, on the proposed ordinance.

- 114.2 Ordinance Number. Each proposed ordinance, when introduced, shall be assigned a bill number by the Commission Secretary by which the ordinance shall be identified throughout the enactment process. After enactment, the ordinance shall be assigned a permanent ordinance number.
- 114.3 Public Hearing. The President shall conduct a public hearing, in accordance with public notice provisions required by the Charter or other applicable Law, on all ordinances for which a public hearing is requested by a majority of the Commission. On the prescribed date the President shall conduct a public hearing at which any Commissioner, citizen or taxpayer may express his views upon the ordinance.
- 114.4 Amended Bills. Any bill under consideration by the Commission may be amended by a majority vote of the Commissioners present and entitled to vote. If in the opinion of the Solicitor the amended bill represents a significant change in the proposed ordinance, and the amendment to the bill either follows or occurs during the course of a required public hearing, then a further public hearing shall be held for the purpose of considering the amended bill.
- 114.5 Enactment. At a meeting subsequent to the meeting at which an ordinance is introduced, subject to §114.6, and after the public hearing, if required, any Commissioner may move for the enactment of the proposed ordinance by referring to the bill number. In the case of ordinances requiring a public hearing, the motion for enactment may be made at the same meeting as the public hearing or any subsequent meeting subject to the provisions of the Charter or other applicable Law. If the motion for enactment receives a second, the President shall call for a vote of the Commissioners present. If a nay vote is cast, the President shall direct the Secretary to call the roll of the Commissioners and, in the absence of a unanimous vote, record the vote of each Commissioner. The ordinance shall be enacted by a majority vote of the Commissioners present and entitled to vote, unless a greater vote is required by the Charter, this Administrative Code or other applicable Law.
- 114.6 Special Procedure. If it is necessary to enact an ordinance at the same meeting at which it is introduced, any member of the Commission may move for its enactment by special procedure. If the motion receives a second, the President shall direct the Secretary to call the roll and record the vote, in which event the ordinance shall be enacted by a vote of not fewer than four (4) Commissioners.
- 114.7 Publication of Ordinances. Within thirty (30) days of enactment, all ordinances shall be published one time in a newspaper circulating generally within the Municipality. As used in this section, the term “published” shall mean to print in a newspaper of general circulation in the Municipality:
- 114.7.1 The ordinance or brief summary thereof, and

114.7.2 The place or places where copies have been filed and the times when they are available for public inspection.

114.8 Effective Date of Ordinances. Unless a later date is specified therein, or required by the applicable Law, all ordinances shall take effect on the tenth (10th) day after publication, except that the following ordinances shall take effect immediately:

114.8.1 The annual budget ordinance, and

114.8.2 Any ordinance adopted by an affirmative vote of four (4) Commissioners declaring that the ordinance deals with an emergency situation.

§115 Codification of Ordinances. The Commission Secretary shall cause enacted ordinances of a general or permanent nature to be incorporated annually, or more frequently if necessary, into the Mt. Lebanon Code as defined by the Charter. Any non-substantive numbering and stylization changes and grammatical corrections in any ordinance required for the preparation of said codification shall not invalidate any ordinance.

§116 Codes of Technical Regulations. The Commission may adopt any standard code of technical regulation by reference thereto in an adopting ordinance.

§117 Copies of Ordinance, Resolutions, Minutes and Other Similar Official Records. Copies of ordinances, resolutions, minutes and other official records shall be available to all persons requesting them upon payment of a reasonable reproduction charge.

§118 Investigation. The Commission may make investigations into the affairs of the Municipality in accordance with the Charter.

Administration Organization

§119 General. Functional departments of the Municipal organization shall be created or abolished by the Commission as provided by the Charter or other applicable Law. Within these departments the organization of specific functions shall be the responsibility of each department director subject to the approval of the Manager. The highest ranking employee of each department shall be designated the “Director” except that the highest ranking employee of the Police and Fire departments shall be designated the “Chief.”

§120 Manager. The Manager shall be the chief administrative officer of the Municipality. He shall be subject to appointment and removal by the Commission. During the tenure of his appointment he shall possess and exercise the powers and duties as prescribed by the Charter. The Manager’s compensation shall be as determined by the Commission in the annual salary ordinance. During the disability or temporary absence of the Manager, the Assistant Manager shall exercise the duties and have the authority of the Manager subject to §504 of the Charter.

§121 Administrative Staff. The Manager, Assistant Manager, Directors and Chiefs of departments, and designated employees in charge of staff functions under the Manager, shall comprise the administrative staff of the Municipality. The administrative staff shall serve under the direction of the Manager and shall advise and consult with him upon all matters affecting the welfare of the Municipality or relating to any phase of the Municipal administration. The administrative staff shall deal with the Commission through the Manager, except in response to routine inquiry or in connection with investigation under §326 of the Charter. Employees in the various departments, except in response to routine inquiries or in connection with investigation under §326 of the Charter, shall deal with members of the Commission only through their Department Directors or Chiefs and the Manager.

§122 Department Directors.

122.1 Directors or Chiefs of departments of the Municipality shall be appointed by the Manager with the advice and consent of the Commission, solely on the basis of executive, administrative and technical qualifications appropriate to the duties of each department. A member of the administrative staff may serve as Chief or Director of more than one department. Directors or Chiefs of departments may be removed by the Manager with the advice and consent of the Commission.

122.2 Each Department Director or Chief shall:

122.2.1 Cooperate with other departments in furnishing them such service, labor and materials as may be requested by the Director or Chief of such other department, subject to such regulations as the Manager may prescribe.

122.2.2 Manage and supervise the activities and personnel of his department, establish objectives and standards for the performance of work and administer the operations of the department in an efficient manner for the effective providing of services.

122.2.3 Develop and recommend an annual budget and program plan for his department, approve and control the expenditure of funds within the department's approved budget, and report to the Manager on the operations and activities of the department.

122.2.4 Consult with and advise the Manager on the operation of the Municipality as it relates to his department and perform such other duties, activities and functions as the Manager may direct.

§123 Department Organization. The Municipality shall have the following departments with the functions, duties and responsibilities hereinafter described for each department. The

Manager shall have the authority to assign temporarily duties and responsibilities among such departments.

123.1 Finance Department. The Department of Finance shall be responsible for all activities related to management of and accounting for Municipal funds including disbursements, collection of accounts receivable, investment of idle funds and the accurate reporting of the Municipality's finances. The Department is also responsible for all personnel and insurance management functions including payroll, personnel records, and pension and benefit programs.

123.2 Fire Department. The Fire Department shall be responsible for all activities related to fire suppression, fire inspection and prevention including the enforcement of the Fire Prevention Code, and maintenance of fire apparatus and facilities. The Department also supervises the activities of the Mt. Lebanon Volunteer Fire Company.

123.3 Public Works Department. The Department of Public Works shall be responsible for all activities related to maintenance and construction of municipal buildings, facilities and properties. The department also supervises streetlights and traffic signals; contracts for refuse collection, and coordinates activities with municipal engineers and utility companies.

Boards and Authorities

§125 General.

125.1 Purpose of Boards and Authorities. The boards and authorities specified in this Administrative Code are created by the Commission for the purpose of providing advice, guidance, supervision for specialized programs of a continuing nature and serving as a board of appeals where specified to do so. Before the creation of any authority or board not in existence at the time this Administrative Code is enacted, the Commission first shall ascertain the

feasibility of carrying out such special purpose by an existing department, board or authority.

- 125.2 Advisory Nature of Boards. Except where a board is otherwise designated under the Charter, this Administrative Code, or other applicable Law, boards shall have the authority and responsibility to make findings of fact, express opinions, and make recommendations to the Commission within the areas of responsibility assigned to such boards. Such findings of fact, opinions or recommendations shall be in writing.
- 125.3 Appointments and Removal of Members of Boards and Authorities. The appointment and removal of members of boards and authorities shall be the responsibility of the Commission. Whenever feasible, the Commission shall publicize vacancies on boards and authorities and solicit indications of interest from residents desiring to serve. Members of any board or authority shall be residents of the Municipality. Except as otherwise provided by applicable Law, a member of a board may be removed by the Commission at any time with or without cause. Members of authorities may be removed in accordance with the provisions of applicable law.
- 125.4 Terms of Membership. The term of membership on a board or authority shall be in accordance with this Administrative Code or other applicable Law. Members shall continue to serve until their successors are appointed. Members of boards and authorities shall not serve more than two (2) consecutive terms of office on a board or authority unless specifically approved by the Commission.

- 125.6 Rules of Procedure. Each board and authority shall establish certain written rules and procedures for operation. Copies of any such rules and procedures shall be placed on file in the Office of the Manager and provided to the Commission and, upon request, to any member of the general public.
- 125.7 Expenditure of Municipal Funds. Except as otherwise provided by the Charter, this Administrative Code or other applicable Law, no board or authority shall either expend Municipal funds or incur obligations respecting such funds without specific prior appropriation by the Commission. The Manager shall assign employees of the Municipality to serve as liaison to boards or authorities and shall provide staff services to such agencies.

§126 Ad Hoc Boards. The Commission may, when it deems appropriate, appoint an ad hoc board to advise the Commission on a specific matter. Such boards shall be created for a definite term not to exceed one (1) year. Members of an ad hoc board shall be appointed for the life of the board and such board and its membership shall be subject to the provisions of this section on Boards and Authorities except as stated in this section. At the completion of its term, the board shall dissolve and the terms of its members expire unless the board is recreated and its members reappointed for a definite period not to exceed one (1) year. Members of ad hoc boards need not be residents of the Municipality.

§127 Administrative Appeal Procedure. Whenever a section of any chapter of the Mt. Lebanon Code permits a right of appeal to the Commission, any board or other reviewing body pursuant to the procedures set forth in this §127, the exclusive procedure for perfecting said appeal shall be as follows:

127.1 Within 30 days from the date of the decision or other action from which the appeal is taken, the appellant shall file a Notice of Appeal with the Office of the Manager. - 144.6.1 The Manager’s recommended budget and the final budget approved by the Commission shall include a Minimum Level of capital items to be paid for by General Fund Revenues (“Capital Items”). Capital Items will be specifically designed to maintain existing service levels and operations, and may not be funded with debt. “Minimum Level” shall generally mean an amount equal to an average of the lower two of the prior three years of actual expenditures of such Capital Items. The determination of the Minimum Level of Capital Items shall not include any funds used or required for the Annual Street Reconstruction program.
- 144.6.2 The Manager shall schedule a Capital Investment Discussion and Hearing each year upon receipt of the prior year’s final financial statements. The purpose of such hearing will be to debate the use of any funds in excess of the Minimum Level and the levels set forth in §142.3 in the unassigned fund and to consider any use of debt to finance large scale capital items. Large scale Capital Items shall mean such items that maintain current operations and any enhancements thereto that are detailed in the Municipal Capital Improvement Plan or other relevant planning documents.

§145 Capital Improvement Program. Preparation, submission and adoption of the capital improvement program shall be in accordance with §§910 and 911 of the Charter.

- 145.1 The portion of the Capital Improvement Program that provides for street reconstruction may not be financed with debt. The Commission may not adopt

a Capital Improvement Program where street reconstruction is financed with debt.

145.2 The portion of the Capital Improvement Program that provides for street reconstruction may not be increased when compared with the prior year, for any year in which there is an increase in real estate taxes when compared with the prior year. The Commission may not adopt a Capital Improvement Program where the amount set aside for street reconstruction increases over the amount set aside in the previous year's program, unless there is no increase in real estate taxes for the year. For purposes hereof, an increase in real estate taxes will be determined solely by a comparison in millage rates.

145.3 The Capital Improvement Program shall include an appropriate level of funding (as determined by the Commission) for the street reconstruction program, which funding level is designed to maintain the Municipality's streets at an "acceptable" Overall Condition Index rating throughout the length of the Annual Street Reconstruction Program (as determined by the Municipal Engineer).

§146 Payment of Funds.

146.1 No payment of any funds of the Municipality shall be made unless provided for in the budget; provided, however, that payroll and utility expenditures may be paid at the direction of the Manager when based on prior ordinance or contract.

146.2 All checks or drafts of the Municipality shall be signed by the Manager or Acting Manager and shall be countersigned by the President or Vice President of the Commission, and by the Treasurer or Acting Treasurer. A facsimile signature may be used with the approval of the signatory.

§147 Investment of Funds. The Manager or his designated agent shall have full authority to invest, redeem and reinvest funds available but not immediately required for Municipal operations. Such investments shall be made only in securities backed by the full faith and credit of the United States Government, by the Federal Deposit Insurance Corporation, by the Federal Savings and Loan Insurance Corporation, or by the pledges of assets of the type and valuation as provided by Law.

Temporary investments may also be made in bank certificates of deposit secured by fully pledged collateral and repurchase agreements for United States Government or other allowable securities, except that pension funds under the control of a trustee shall be exempt from this section.

148.3 Purchase of Bonds. All bonds for public officials and employees of the Municipal government shall be purchased by the Municipality through competitive bidding. The cost of such bonds shall be borne by the Municipality.

148.4 Public Officials and Employee Indemnity. The Municipality shall indemnify the Manager, Department Directors, Inspection Employees, the Planner, the Solicitor, and the Engineer in the event such employees are a party or are threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Municipality) by reason of the fact that such employee is or was a member of the administrative staff against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the Municipality, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The Municipality shall provide insurance for the benefit of each such employee insuring each such employee from any liability asserted against him or incurred by him in any such capacity, in such amounts and with such limitations as the Commission shall deem appropriate.

§149 Requirements. All contracts and purchases of the Municipality involving sums in excess of an amount equal to one-tenth of one percent (.001) of the current year's general fund

budget shall be in writing and shall be executed on behalf of the Municipality by the President of the Commission or, in his absence, the Vice President of the Commission, and attested by the Manager, or, in his absence, the Acting Manager. §150 Purchasing System. The Manager shall establish and administer a purchasing system which shall provide the regulations, policies and procedures covering the acquisition of goods and services of the Municipality subject to the provisions of this Administrative Code. Such purchasing system shall cover all purchases made by the Municipality except:

§151 Purchasing Policy. It shall be the general policy of the Municipality to purchase goods and services from responsible suppliers in a manner which provides the Municipality with the best goods or services available at the lowest possible price. It shall also be the policy of the Municipality that:

- 151.1 No officer or employee of the Municipality shall accept any gratuity, gift or favor designed to influence his recommendation for the purchase of any goods or service, nor shall any officer or employee personally benefit either directly or indirectly by a purchase made by the Municipality.

151.2 The Municipality shall endeavor to purchase products and goods manufactured or produced by American business concerns.

151.3 Cooperative intergovernmental purchasing agreements shall be fostered and supported when not to the financial detriment of the Municipality.

152.8 Contracts with other governmental entities, authorities, agencies or political subdivisions.

§153 Competitive Bidding Procedure.

153.1 Authorization to Bid. Appropriation for the purchase of goods or services in the annual budget as adopted by the Commission shall constitute authorization for the Manager to enter competitive bidding for such purchase.

153.2 Pre-qualification of Bidders. The Manager shall cause to be established and maintained a bidders list for each type of goods or services purchased by the Municipality. Inclusion on the bidders list shall signify that a bidder is considered responsible either through previous experience in business dealings with the Municipality or through an investigation of the credit, reliability and performance of the bidder. Once qualified as responsible, a bidder shall remain on the bidders list indefinitely unless removed by reason of disqualification.

153.3 Disqualification of Bidders. A bidder may be disqualified for any of the following reasons:

- 153.3.1 Documentation of unsatisfactory performance by the bidder or by the goods or service provided by the bidder.
- 153.3.2 Failure to submit a bid on two (2) successive occasions.
- 153.3.3 False or misleading statements about a product or service.
- 153.3.4 An attempt by a bidder to influence the purchase of goods or services by the Municipality through a gift, gratuity, favor, or benefit or promise thereof to a Municipal officer or employee.
- 153.3.5 Collusion with another bidder in an attempt to regulate the price, quality, or availability of goods or services to the detriment of the Municipality.

Upon disqualification a supplier shall be removed from the bidders list until re-qualified. Such re-qualification shall consist of reasonable proof that the cause for disqualification shall not re-occur.

- 153.4 Invitation to Bid. When it is determined that a purchase is to be made through competitive bidding, an invitation to bid shall be sent by mail to all vendors appearing on the bidders list for the item to be purchased. The invitation shall include:

- 153.6 Specifications. Specifications shall be prepared for all purchases made through competitive bidding. Specifications should be a specific, complete and accurate description of the item to be purchased and requirements for performance. Specifications should be clearly worded but should not be so specific or strict so as to effectively eliminate acceptable products from competition.

- 153.7 Bid Deposit. A bid deposit may be required for any purchase made by the Municipality and provided in an amount, manner and form prescribed by the Manager.
- 153.8 Bid Procedure. All bids shall be firmly sealed in an envelope and labeled indicating the specific purchase for which the bid is submitted and the scheduled date of the bid opening. Bids shall be opened at the appointed time by a committee of at least three (3) members of the administrative staff. All bid openings shall be open to the public. Any bids received after the bid opening has commenced shall be returned to the bidder unopened. Upon completion of the bid opening the bid committee will analyze the bid for conformance with the specifications and determine the best responsible bid.

- 153.10 Maintenance of Bids. The Manager shall maintain, on file, all bids received for a period of not less than three (3) years and shall make such files available for public inspection upon request to citizens and taxpayers of the Municipality and to vendors who made a bid in response to an invitation to bid.

§154 Sale of Municipal Property.

154.1 Real Estate.

154.1.1 No real estate owned by the Municipality may be sold or leased except upon authorization of the Commission by Ordinance. Additionally, no real estate owned by the Municipality shall be sold or leased for a consideration in excess of fifteen hundred dollars (\$1,500), except to the highest bidder after public notice by advertisement for bids or advertisement of a public auction. All bids for sales shall be accepted on the condition that payment of the purchase price in full shall be made within sixty (60) days of the acceptance of bids. If no compliant bids are received after advertisement, the Municipality may follow the applicable procedures in the Municipal Property Purchase and Sale Law, or any successor or similar statute.

154.1.2 The Commission shall have the authority to reject all bids if the bids are deemed to be less than the fair market value of the real property. In the case of a public auction, the Commission may establish a minimum bid based on the fair market value of the real property.

154.1.3 Real estate owned by the Municipality may be sold at a consideration of fifteen hundred dollars (\$1,500) or less without advertisement or competitive bidding only after the Commission estimates the value thereof upon receipt of an appraisal by a qualified real estate appraiser.

154.1.4 Notwithstanding the foregoing provisions of this section, the Commission shall have the authority to exchange real property for real property of equal or greater value without complying with the foregoing provisions of this section, provided that the property being acquired by the Municipality is to be used for municipal purposes. Municipal purposes as used in this subsection include a subsequent sale or lease of the property to any of the delineated entities listed or referred to in §153.3.

154.2 Personal Property.

154.2.1 Except as otherwise hereinafter provided, no Municipal personal property with a value in excess of one-twentieth of one percent (.005%) of the general fund budget for the year in which the sale takes place shall be disposed of, by sale or otherwise, except upon approval of Commission. Except as provided herein, such a sale or other disposition shall be to the best responsible bidder after advertisement and receipt of bids or after the conduct of a public auction.

154.2.2 Surplus or unnecessary Personal Property with a value under one-twentieth of one percent (.005%) of the general fund budget for the year in which the sale takes place may be disposed of by the Manager in a manner that the Manager reasonably believes will provide fair value for the property. A public auction or the solicitation of at least three (3) bids is sufficient for these purposes.

154.2.3 An acceptable public auction is one that provides for open, live, competitive bidding, and may be conducted by means of an online or electronic auction.

154.2.4 If public bidding is selected, the Commission or Manager (as applicable) may reject any bids received if the bids are believed to be less than the fair market value of the property. If no bids are received after advertisement, the applicable procedures in the act entitled (as amended, supplemented or replaced), "An act authorizing political subdivisions, municipality authorities and transportation authorities to enter into contracts for the purchase of goods and the sale of real and personal property where no bids are received," shall be followed.

154.2.5 The provisions of this section shall not be mandatory where personal property of the Municipality is to be traded in or exchanged for new or used personal property being acquired by the Municipality.

154.3 Exceptions.

154.3.1 The provisions of this Section requiring advertising for bids and for sale at public auction and sale to the highest bidder shall not apply where the Municipality's real or personal property is to be sold or leased to:

154.3.1.1 A county; city; borough; town; township; home rule municipality; political subdivision; institution district; school district; or a volunteer fire company, volunteer ambulance service or volunteer rescue squad located within the Municipality;

154.3.1.11 Any person or entity to which real or personal property may be sold without public bidding under any statute applicable to a political subdivision or authority including; the Borough Code, the Third Class City Code, the First Class Township Code or the Second Class Township Code.

154.3.2 When property is to be sold or leased to a non-profit corporation organized as a public library for its exclusive use as a library or to a non-profit medical service corporation or to a non-profit housing corporation, Commission may elect to accept nominal consideration for the sale or lease as it shall deem appropriate.

154.3.3 Real property sold pursuant to this section to a volunteer fire company, volunteer ambulance service or volunteer rescue squad, non-profit medical service corporation or to a non-profit housing corporation or non-profit museum or historical society shall be subject to the condition that when the property is not used for the purposes of the company, service, squad, society or the corporation, the property shall revert to the Municipality.

§155 Emergency Repair Purchases. When a circumstance requires that a purchase be made in a limited period of time so as to preclude the competitive bidding process, the Manager may waive the bid requirement and authorize an emergency repair or replacement purchase. Such emergency repair or replacement purchases shall be limited to situations in which:

155.1 A delay in making the purchase presents a threat to the health, safety or welfare of the residents of the Municipality; or

155.2 The purchase is required by unforeseen circumstances and delay would seriously hinder the effective delivery of Municipal services; or

155.3 There are no possible alternatives to the emergency purchase. Every effort shall be made to provide competitive conditions during the emergency purchase. Quotations shall be obtained from as many vendors as possible; however, such quotations may be either oral or written. As soon as possible after becoming aware of the need for an emergency purchase, the Manager shall advise the Commission of the situation necessitating the emergency purchase and the procedure to be used. All emergency purchases shall be subject to confirmation by the Commission at the next regularly scheduled meeting.

§156 Sale of Municipal Equipment and Supplies. The Manager shall have the authority to dispose of unneeded, obsolete or surplus equipment or supplies, with an estimated value of less than seven thousand five hundred dollars (\$7,500) in the manner most beneficial to the Municipality. Sale of equipment with an estimated value of more than seven thousand five hundred dollars (\$7,500) shall be sold with the approval of the Commission through the competitive bidding process, except that competitive bidding shall not be required for the sale of services to other governmental entities.

Public Improvements

§157 Eminent Domain and Condemnation. The Commission shall exercise the power of eminent domain in the laying out, opening, widening, extending, vacating, grading or changing the grades or lines of streets or highways or sidewalks, in the maintenance of a free and unobstructed view down and across lands located at or near the intersection of any two (2) streets or highways, or a street or highway and a railroad or railway, or at any curve in any street or highway, as may be necessary to assure a free and unobstructed view in all directions at such crossings, and to so prevent the use of such lands for any purpose or in any manner which may interfere with or obstruct the vision of persons traveling upon any such street or highway, in the construction of bridges and the piers and abutments therefore, the construction of slopes, embankments and sewers, including storm water drains, the erection and extension of waterworks, public buildings, public works, lands and places for the disposal of ashes and other refuse materials, garbage treatment works and libraries, the establishing of parks, playgrounds and recreation places, the changing of watercourses and for all other purposes authorized by the applicable Law.

§158 Public Streets. The Commission shall enact, ordain, survey, layout, open, widen, straighten, vacate, relay or repair any streets and parts thereof, which are within the Municipality, if in its judgment it is necessary for the public convenience. The Commission may exercise these powers upon the petition of a majority in interest of the owners of property through whose land such street passes, or upon whose land it abuts.

§159 Sidewalks. The Commission shall, if in its judgment it is necessary for the public convenience, layout, ordain and establish sidewalks along any street, including State highways and County roads, and shall establish grades for such sidewalks, which grades may be separate and apart from the grade established for the street or highway. The Commission may exercise these powers upon the petition of majority in interest of the owners of property through whose land such sidewalk passes, or upon whose land it abuts. The Commission, upon such notice as may be provided by ordinance, may require owners of property abutting on any street, including State highways and County roads, to construct, pave, curb, repave and recurb the sidewalks along such property with such materials, at such grades and under such regulations as may be prescribed by ordinance, and upon failure of such owners to comply with such notice, or without notice to the property owners as above provided, the Commission in either case shall have power to cause the same to be done by the Municipality and to levy and collect the cost thereof from such owners of property abutting such sidewalk. All reconstruction, repaving and

recurring may be provided for in the ordinance authorizing the original construction, paving and curbing, without the necessity for adopting a new ordinance authorizing such reconstruction, repaving and recurring.

The cost of any such grading, paving, curbing, repaving and recurring shall be a lien upon the premises from the time of the commencement of the work, which date shall be fixed by the Municipality and shall be filed with the Secretary. Any such lien may be collected by action in assumpsit or by lien filed in the manner provided by Law for the filing and collection of municipal claims.

The cost of any such paving, curbing, repaving and recurring may, in any case, be borne in whole or in part by the Municipality.

§160 Sewers and Drains. The Commission shall establish and construct a system of sanitary sewers and drainage as seems advisable to the Commission for the public convenience, health and safety. The Commission may permit, and, where necessary for the public health, shall require by ordinance any owner of property benefited, improved or accommodated by sanitary sewers, to make connections with such sewers or drainage in such manner as the Commission may order for the purpose of discharge of such drainage or waste matter as the Commission may specify. The Commission may enforce by penalties any regulation they may ordain with reference to any sanitary sewer or drainage connections. All connections required shall be uniform. All persons so connected may be required to pay, in addition to the cost of making such connections a monthly or annual rate prescribed by ordinance. Such monthly or annual rate shall constitute a lien, until paid, against the property so connecting with such system, and the amount thereof may be recovered by due process of Law.

The cost of construction of any system of sanitary sewers or drains may be charged upon the properties benefited, improved or accommodated thereby to the extent of such benefits according to the applicable Law or may be paid for wholly or partially by general taxation.

If an elected official shall commit a prohibited activity while he is in office, he may be removed from office according to the procedure provided by the applicable law. If a board or authority member shall commit a prohibited activity while he is serving on said board or authority, he may be removed from office, after a hearing before the Commission, by the action of a majority of the members of the Commission present at any duly constituted meeting of the Commission at which a quorum is present.

- 304.5 Appointments, promotions and other personnel actions shall be based on merit principles.
- 304.6 High morale shall be maintained by fair administration of these regulations and by every consideration of the rights and interests of Employees consistent with the best interests of the public and the Municipality.
- 304.7 Tenure of Employees shall be subject to good behavior, the satisfactory performance of work, necessity for the performance of work and the availability of funds.

Administration

§305 Personnel Officer. The Manager shall have the responsibility for the administration of the personnel system as established by this Part 3. The Manager may elect to delegate portions of the authority granted under this Part 3 to an Employee. When used in this Part 3, the title “Personnel Officer” shall mean the Manager or such Employee to whom the Manager has delegated authority for personnel matters. Use of the title “Manager” shall indicate activities over which the Manager shall not delegate his authority.

§306 Personnel Manual. The Personnel Officer shall establish and maintain a manual of personnel policies, procedures and regulations. Such manual shall be referred to and cited as the “Personnel Manual” and shall represent the official administrative personnel policy and constitute the authorized personnel procedures and regulations of the Municipality under the Charter and this Part 3. When deemed necessary and appropriate, the procedures and rules provided in the Personnel Manual may be amended and revised from time to time.

The purpose of the Personnel Manual shall be to establish those administrative policies, procedures and regulations necessary to implement the personnel system. Individual departments of the Municipality may establish and enforce procedures and regulations for Employees of such department, provided that no such procedure or regulation shall be in conflict with the Charter, this Part 3, the Personnel Manual, or an applicable negotiated labor agreement.

§307 Personnel Handbook. The Personnel Officer shall prepare and distribute a Personnel Handbook generally summarizing the policies and procedures specified by this Part 3 and the Personnel Manual, together with personnel and safety rules and other general Employee information. Employees shall be responsible for conformance with the rules specified in the Personnel Handbook, and violation of such rules may subject an Employee to disciplinary action.

§308 Personnel Records. The Personnel Officer shall maintain a personnel file for each Full-Time Employee containing materials, correspondence and records pertaining to the Employee and his or her employment. Employees shall be permitted to review their personnel records upon request; however, personnel records, except as they deal with

compensation and benefits or as they may be required by a court of competent jurisdiction, shall not be a matter of public record.

Classification

§309 Establishment of a Classification Plan. The Personnel Officer shall develop a classification plan which shall be approved annually by the Commission.

§310 Classification Procedure.

310.1 Each position of full-time Municipal employment shall be assigned to a classification. The title of the classification shall generally reflect the duties of positions assigned to the classification. More than one person may be assigned to a classification provided that:

310.1.1 Each position assigned to a classification is of substantially the same level of responsibility and consists of similar types of duties.

310.1.2 Each position assigned to a classification shall have the identical salary range under the salary plan.

310.2 Each classification shall be assigned one of the following employment groups for the purpose of compensation:

310.2.1 Managerial: the positions of Manager, Assistant Manager and all Department Directors.

310.2.2 Administrative/Supervisory: non-department director positions with administrative or supervisory responsibilities.

310.2.3 Technical/Clerical: Public Safety Aide: non-supervisory administrative, clerical or technical salaried positions.

310.2.4 Craft/Maintenance: hourly-rate positions through which construction, custodial and maintenance functions are performed.

310.2.5 Uniformed Police: the positions of police officer and police supervisor.

310.2.6 Uniformed Fire: the positions of firefighter and platoon chief.

§311 Classification Descriptions. The Personnel Officer shall establish a descriptive written summary of the general level of responsibilities and duties for each classification. Such description shall include general statements about the classification, necessary qualifications of Employees assigned to the classification, and differences between the classification and other similar classifications. Classification descriptions shall not limit the responsibilities or duties which may be assigned to a position within a classification;

however, substantial deviation from the classification description may justify the reclassification of a position or creation of a new position.

§312 Reclassification. When the duties and/or the responsibilities of a position change to the extent that the position substantially deviates from the classification description, the Manager may elect to reclassify the position. Such reclassification may reassign the position to another existing classification or may require the creation of a new classification. Reclassification of a position may or may not, at the discretion of the Manager, constitute a promotion or demotion of the Employee assigned to the position.

Compensation, Hours of Work and Leaves of Absence

§313 The Pay Plan. The Personnel Officer shall develop annually a pay plan which, when approved by the Commission, shall represent the authorized pay for each full-time position of Municipal employment. The pay plan shall be expressed in the form of a pay range for each classification and, where applicable, a series of intermediate steps.

§314 Advancement Within a Pay Range. Employees shall advance within their pay range according to the following guidelines:

314.1 New Employees shall be assigned to the first step of the pay range for the classification, except that the Manager may, when circumstances warrant, assign an Employee to an intermediate step in the range.

314.2 Employees shall advance in their range at intervals of longevity established in the pay plan for their class of employment until they reach the maximum longevity step. The Manager may, for reasons of exceptional merit, advance an Employee in the salary range to a step above the normal step to which the Employee would be eligible by longevity as long as such step is within the salary range for the position.
