

# S.A.F.E.

**STOP ADDICTION FOR EVERYONE**

***“They start stealing to pay for their addiction. If they don’t die of an overdose, they end up in jail.”***

**ADDICTION IS A TREATABLE DISEASE:** Prescription drugs can be addictive, and this risk is amplified if you self-medicate using someone else’s prescription, take medication in a way other than it is prescribed or take a prescription drug to get high.

**YOUR PRESCRIPTION MEDS CAN BE SOMEONE ELSE’S PROBLEM!**

**KEEP YOUR MEDICATIONS SECURE.**

**Drop off unused or expired meds at  
Mt. Lebanon Public Safety Center  
555 Washington Road**
