- I. **Call to Order:** John Vogel called the meeting to order at 7:30 a.m.
- II. **Citizen's Comments:** None.
- III. **Review of February Minutes** – EDC reviewed February Minutes. C. Heck made a motion to approve the minutes. Motion seconded by J. Vogel seconded. Approved.
- IV. **Recently Appointed EDC Members** – Staff introduced three new members of the EDC: Seth Davis, Jennifer Hisdorf, and Amy Hrivnak.
- V. **Establishment of Working Committees on Workplan** – The EDC has retooled it's long standing workplan to reflect the priorities of our Commission liaison and Council members. The EDC is now focused on three core areas where working committees will be formed:
 - a. **Mobility** – In an effort to be comprehensive in our approach the EDC is adopting the concept of mobility as one of the three areas of focus. Under this umbrella, three areas of focus have been identified:
 - i. 'Managing the curb' – this focus shall look at not just traditional parking management in the commercial districts, but allow for exploration of innovative policy and usages for our parking assets on-street, lots and parking structures.
 - ii. Transit Oriented Development (TOD) – The EDC has accomplished much work in the past on this issue, most directly around the Mt. Lebanon T Station. The EDC seeks to refresh that discussion, but move beyond the aforementioned location to explore opportunities and set the table for other locations in the Uptown District.
 - iii. Share Mobility Principles (Complete Streets) – The EDC recognizes that our commercial districts must be accessible to all. This includes people of all abilities, all forms of transportation not just vehicular and creating the safest environment possible for all who utilize our commercial areas. The EDC seeks to spearhead not only a Complete Streets policy to be adopted by the Commission, but explore projects that actualize the intent of the Complete Streets movement.
 - b. **EcoDistrict** – The EDC has identified pursuit of a designated EcoDistrict for Mt. Lebanon. This will require coordination amongst staff, elected officials, various environmental interest groups, and the community at large. This is a multi-year effort. In 2021, we seek to educate the community about the EcoDistrict concept, build the community architecture to plan and shall seek to integrate into the upcoming refresh of Mt. Lebanon's Comprehensive Plan.
 - c. **Economic Vitality** – Economic Vitality is always at the core of our mission. It is a shared mission of our local community Main Street non-profit – the Mt. Lebanon Partnership. The Partnership has created an Economic Vitality Committee that will work with members of the EDC to actualize it's objectives. Current objectives identified include, but are not limited to:
 - i. Business/Property Owner Support (COVID/Post-COVID) – This will address grants, Federal/State Aid, and an 'Open for Business' campaign during Vibrant Uptown construction.
 - ii. Placemaking
 - iii. Zoning

The EDC discussed the leadership structure of each committee and the following members have been identified as Chairs:

1. **Mobility – Seth Davis**
2. **EcoDistrict – Anna Siefken**
3. **Economic Vitality – Chris Heck/Bill Callahan (MTLP)**

- VI. **Vibrant Uptown Update** – Staff provided an update on Vibrant Uptown. Staff is awaiting the final phasing plans, and Gateway is awaiting final approvals from PennDOT.
- VII. **Commercial Districts Updates** – Staff updated the EDC on various updates in our commercial districts.
- VIII. **Adjourn** – John Vogel made a motion to adjourn. Anna Siefken seconded. Passed.
