## My Home Escape Plan

My Name:	 	 	
My Address:		 	
My Meeting Place: _	 		

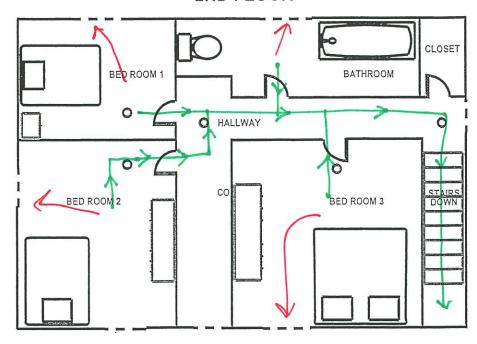

## Directions:

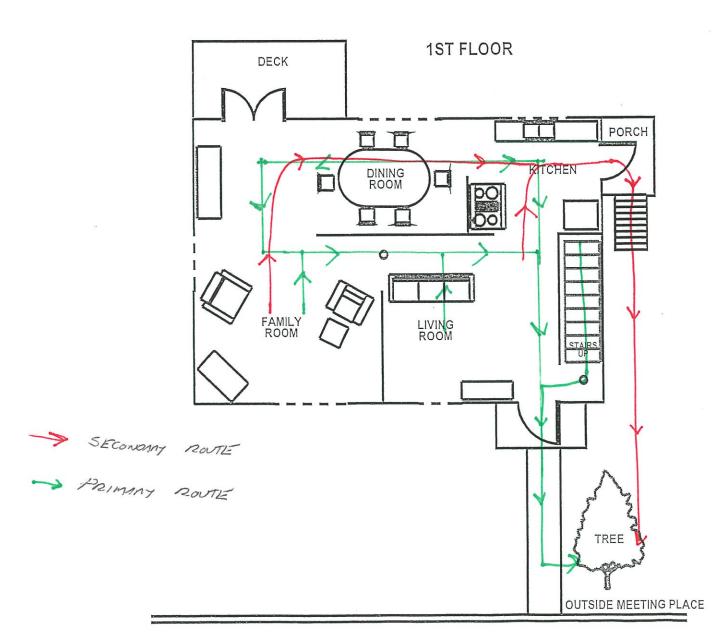

With the help of your family, draw a Home Escape Plan for your home. Please use your imagination and have fun. For example, some people have used a sheet of paper, their computer, made a model of their home with clay or building bricks (Legos).

Be sure your escape plan shows the following things:

- 1. A floor plan of each level of your home where people live showing doors and windows.
- 2. The **Meeting Place** where your family will meet in case of an emergency. Your family should have only <u>ONE</u> meeting place and it should be:
  - a. In front of the house
  - b. At something that will not move (like a tree or street sign)
  - c. On the same side of the street as your house
  - d. At least 20 feet away
- 3. A primary escape route (normal way out) from every room in the house that leads to the meeting place.
- 4. A secondary escape route (emergency way out) from every room in the house that leads to the meeting place. Be sure to use a different color than the one you used for the primary escape route. This escape route is used if a hot door, flames or smoke blocks the normal way out.

## 2ND FLOOR

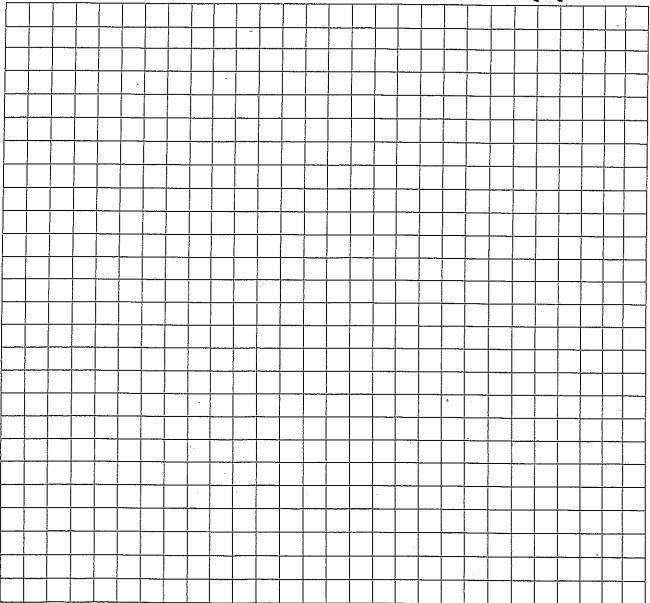

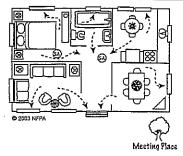

## Home Fire Escape Plan

Memorize your fire department's emergency phone number and write it here: \_\_\_\_

Use the space below to create your home fire escape plan.

- Draw a floor plan or a map of your home. Show all doors and windows.
- Mark two ways out of each room.
- Mark all of the smoke alarms with (SA). Smoke alarms should be in each sleeping room, outside each sleeping area, and on every level of the home.
- Pick a family meeting place outside where everyone can meet.
- · Remember, practice your plan at least twice a year!

Check out www.sparky.org for fire safety games and activities. NFPA Sparky® is a trademark of NFPA.

Grown-ups: Children don't always awake when the smoke alarm sounds. Know what your child will do before a fire occurs. Get more information on smoke alarms and escape planning at www.nfpa.org/factsheets.
